Cantrell Called To Washington National Survey

SHERIFF M. E. CANTRELL left Thursday morning by plane for Washington, D. C., where he will participate in a national meeting of twenty-four representatives to discuss plans for a unified program to meet juvenile delinquency.

He is one of three sheriffs from the United States chosen by FBI to represent the peace officers. Other groups who will be represented in the conference are preachers, teachers, chiefs of police, welfare officers, and other persons who have the responsibility of solving the delinquency problem.

The Sheriffs Association of Texas is paying the expenses of Mr. Cantrell. He was president of the organization last year and is now a member of the board of directors. The two other sheriffs selected by FBI come from Colorado and New York state.

Mr. Cantrell was extended the invitation Friday. The invitation came as a result of the splendid record which he made while attending the FBI training school in Washington in 1945.

Grand Jury In Favor of More Traffic Lights

The Grand Jury has recommended to the City Commission that more traffic light be installed in Canyon for the purpose of protecting the citizens from fast driving.

The following intersections were recommended as focal points of danger at which these lights should be installed:

On Highway 87 at 2nd, 3rd, 5th, 6th Avenues. Also on 5th Avenue and 8th Street.

Citizens living in the east part of Canyon have long felt the need for more adequate protection along the highway. There is only one traffic light on highway 87, at 4th Avenue, and this is often run by drivers who are not acquainted with Canyon.

Brother of E. C. Penick Dies

J. C. Penick, brother of E. C. Penick of Canyon, died last week in Atlanta, Ga. He was 79 years old. Mr. Penick had lived in Texas for about 30 years, but had moved to Georgia a few years ago.

Mrs. Fanny Stallings spent the week-end in Amarillo with Mrs. Ozella Snodgrass.

Fire Prevention Calls Citizens To Action Now

This week is designated Fire Prevention Week throughout the nation.

All citizens of the nation are called upon to make a careful inspection of their homes and see if there exists any fire hazards which might be removed.

Due to the scarcity of building materials, and the high prices which prevail, a fire at this time would be very costly to any citizen. There are probably few homes which are adequately covered with insurance should a fire occur.

Wes Izzard Talked on World Trade at Rotary Luncheon

Wes Izzard, editor of the Amarillo Globe-News, believes that World Trade is the problem in which all citizens of America should be intensely interested. He spoke at the Rotary Club luncheon Tuesday, being introduced by Tom Knighton.

Mr. Izzard stated that it seems a definite policy is being formulated on world trade. America stands for four points: Trade must be encouraged everywhere; it must be handled by private enterprise; it will be on a multilateral basis; it will be non-discriminatory.

America is running into obstacles as England and Russia insist on world trade on the same basis as before the war.

We have loaned about 15 billion dollars, and we are now insisting that when a loan is made we shall have free trade.

The lend-lease goods which we have sent to Russia is having more effect than all our representatives. The Russian people like our goods, and are even naming their children after the trade brands. The people of every nation which has used our goods want more of them.

Visitors were: Bob Foster, Arch Hunsley, Roy Pool, Ed Smith, J. H. Paul, E. Kancher, Forrest Barnes, all of Amarillo; Bob Kilgore of Canyon; Rev. Robert Fling of Ennis; Raymond Benjamin of Edmonston, Alberta, Canada.

RFD Mail Carriers Are Entertained in Roscoe Davis Home

The Palo Duro Rural Letter Carriers Association met in the Roscoe Davis home Saturday evening for the bi-annual meeting.

The Ladies' Auxiliary also elected their officers: President, Mrs. A. Petersen, Hereford; vice-president, Mrs. Roscoe Davis, Canyon; and secretary-treasurer, Mrs. E. Ramey, Hereford.

Apricot pie and coffee were served to Mr. and Mrs. A. Petersen, Mr. and Mrs. Owen Stagner, and Mr. and Mrs. E. Ramey, Hereford; Mr. and Mrs. Charles Wilson, Amarillo; Mr. and Mrs. W. E. Miller, and Mr. and Mrs. Roscoe Davis, Canyon.

EPISCOPAL CHURCH

The All Saints Protestant Episcopal Church of Canyon, is announcing the schedule of services for the winter.

This Sunday, October 13, Sunday School will be held at 9:45 a. m. and services at 11:00 a. m. Morning Prayer, Litany and Address will be by Mr. G. E. Clark, Lay Reader. The Rev. W. R. Scott of Plainview is Rector of the church here.

Mr. and Mrs. Clark are also announcing an open house at the Little House of Fellowship Friday evening at 7:30, October 11. This social evening is for students, church members and friends. All are invited to attend.

Mr. and Mrs. C. C. Lawson were guests of Mr. and Mrs. R. P. Lowery last Sunday.

Mrs. Glen Hartsell spent the week-end with her mother, Mrs. Dumon Walsh, in Plainview.

Three graduates of W. T. are in new positions in the Hot Springs, New Mexico, Public School this year. Lenora Giles, M. A. 1946, has been made principal of the high school. Polly Winstead, business administration major, is teaching that subject and sponsoring the high school paper. Helena Poovey, mathematics major, is teaching that subject. A number of other W. T. graduates are employed in the system.

Heaviest Rain in Several Years Fills Lakes and Improves Wheat Pasture Prospects for Panhandle

The long drouth has been broken by 5.73 inches of rain, which fell in Canyon over the week end. Rain started Friday and continued until Tuesday. The sun has shown for a few hours during this period.

The rain measured 3.05 inches Saturday morning; .25 of an inch by Sunday morning; 2.25 inches by Monday morning; .18 of an inch on Tuesday morning.

Farmers in parts of Randall county claim as much as 10 inches of rainfall during this period.

The lakes are full for the first time in several years. Buffalo Lake has not gone over the spillway, but has the largest volume of water seen in it for several years. The total rainfall for 1946 now measures 16.37 inches, which is slightly less than normal. During the summer and fall Canyon has not received as much water as fell in other sections.

This wonderful rain will make possible winter wheat pasture, which will make up for the deficiency in the feed crop.

Board Members Chosen for Church

The official board of the First Christian Church of Canyon was elected last Sunday. Members of the new board will hold office during the fiscal year, 1946-47. The following persons make up the newly elected board:

Elders: W. H. McKee, W. A. Miller, D. A. Shirley.

Deacons: Bradford Black, Marion Higdon, John Hunter, E. A. Michael, Gene Root, Bernard Warren.

Deaconesses: Mrs. Ray Campbell, Miss Vera Crawford, Mrs. W. A. Miller, Miss Mattie Swayne.

Trustees: Mrs. W. C. Black, I. W. Scott, W. A. Warren.

The board will elect its own chairman and make plans for the coming year at a meeting next Sunday at 3 p. m. at the church.

Lunch Room on Policy Change

Canyon High School Lunchroom meal tickets are being sold this year on a different basis from that of last year, in that two denominations of tickets are offered the students. A \$5 meal ticket providing for twenty meals is offered at \$4.70 for grades four through twelve inclusive. A \$4 meal ticket providing for twenty meals is being offered at \$3.80 to all children in the first three grades of the elementary grades.

Meal tickets may be had for \$1.52, and \$3 amounts by the students, but no discount is allowed by this arrangement.

Sgt. E. I. Boyce, Jr. has been visiting in the home of his parents, Mr. and Mrs. E. I. Boyce. Sgt. Boyce is stationed at Lowry Field, in Denver.

Eagles Play in New Suits With Tulia on Friday

Boys who play on the Eagles squad of Canyon High School, are going to feel like putting a lot into the game with Tulia Friday night, because they have new uniforms. These new uniforms were made possible by the generosity of some of the business men of Canyon, and the Eagles squad are elated by this support shown by the townspeople. The boys were in bad need of uniforms, new shoulder pads, hip pads and kidney guards, and it was not possible for the school to get them for the team. A few members of the Chamber of Commerce recognized this need, and Roland Black, secretary of the Chamber of Commerce approached different business men about the situation.

In a very short time, Supt. E. A. Wooten was presented with \$205.50 from the people of Canyon, to use in the purchase of the much needed football uniforms. Since khaki is the only color available now, the new uniforms will be khaki and white.

Stork Specials

Mr. and Mrs. Harold Wall are the parents of a baby girl, born Oct. 2. A girl was born to Mr. and Mrs. Carl Martin, Oct. 6.

A son was born October 8 to Mr. and Mrs. Joe Marlin Winstead.

Editorials

When you want to get good and mad, and cuss the government, just consider the propaganda section of OPA. 77 new men have been added to the propaganda division of OPA. This section now has 572 employees, dealing out propaganda, to make you love this department of government. These fellows draw \$2,724.590 in wages; spend more than \$3,000,000 for printing and binding; six million dollars in postage—a total of \$12,000,000 annually to make the people love these birds who are responsible for the black market in this nation. Herbert Hoover said at the beginning of the war that the American people would ration themselves willingly if they were told the facts. The administration forced rationing—and brought the black market. Henry Ford remarked years ago that the government—controlled by men who knew little about business—could not run any business as well as the owners. But OPA thinks it can run all sorts of business with green, untrained employees.

We hear the question very often: What will Wallace do? As we see it, Wallace may do as he pleases, and the situation will not be materially changed. Wallace may be a fool, but we do not believe that he is foolish enough to try to split the Democratic party, which is made up of so many factions that he could easily lead some of the dissenting ones away in 1948. Wallace wants the nomination for President on the Democratic ticket. But he will never get it. The schooled political leaders know that Wallace would ruin the nation if he was given a term in the White House. His advocacy for a permanent peace may or may not be along the proper lines, but he will not be given the chance to gamble away the economic life of the nation for the purpose of making effective his ideas on foreign relations. We have already given away too much to the nation's recovery. Henry would give away the balance.

Fear is being expressed by both the Democrats and the Republicans that a very light vote will be cast in the general election which comes on November 5. That is only a few days off, and so far the people have become aroused. Even in doubtful states it is reported that the voters have little interest in the coming election. With the pressure put on by both parties during the next three weeks, the picture might change. However, in Texas there is little reason for becoming excited. While the Republicans have a full state ticket, and are running several candidates for Congress, there is little chance for any of them to be elected. In view of the fact that constitutional amendments are being submitted in the November election, the voters should take off enough time to go to the polls and vote.

Citizens of the Panhandle are putting on a campaign to ask Governor-Elect Beauford Jester to appoint a man from the Panhandle on the State Highway Commission. Panhandle has never been represented on this important body, and it is time that this section of the state be recognized on some of the major commissions of the state. A large number of Panhandle friends of County Commissioner Ray S. Daniel of Potter county are boosting for his appointment. Ray would make a good man, if the Governor sees fit to name him. Those close to Jester should write him and request that he appoint a Panhandle man first, and then support their choice for the job.

Uncle Sam is doing a splendid thing for young men in an effort to make up the years they lost in school during the war. As a result every college in the land has unprecedented enrollments. Naturally there are poor housing facilities; deficient class room facilities; and the teaching staff is not sufficiently large to handle the students. However, with a little tolerance on the part of this great number of students who are seeking to get an education, the situation will be met and solved.

Students in West Texas State have complimented Canyon and the citizens of Canyon in their effort to handle the bad housing situation, of course no one is to blame because of the present shortage of living quarters. Every college in the nation is going through the same adverse condition. Most citizens realize all that the college means to Canyon and are helping out the best they can. Homes are being opened to students in large numbers. Most of the citizens who take students would prefer not to take them. This spirit of co-operation is highly praised by the students, and the splendid spirit of citizens who are willing to help out in this emergency is appreciated.

Life Magazine comes out with the strong editorial which has us puzzled. It predicts an early economic collapse, or depression. This condition might be short lived, or it might continue until our present conditions are corrected in the nation. The editorial cited the closing of one big factory until labor and material may be procured at prices upon which the company may produce. Other factories may follow suit. The people of America have become crazy by continued boosting of prices, both of labor and material. While most economists believe that any reaction cannot possibly set in for a few years, this so-called "corrective" relapse might be good for the nation at this time.

We spent a whole day this week trying to catch up with government reports, which are demanded—why? To create more jobs for Washington bureaucrats. But the government does not see to it that we get the needed help to make these silly reports.

The big rain has finally come! The Panhandle has long been accused of being a next year country. With an optimistic spirit we have looked forward to raising a big wheat crop "next year." Nature was kind to the farmers of the Panhandle and the people of the

world during the war by furnishing plenty of moisture for wheat. The farmers came through with their jobs in spite of the shortage of machinery and labor. Had it not been for those good years there might have been a genuine food shortage during the war. The wheat will get a good start for 1947, and a good fall start is a big part of the battle for wheat.

It is reported that we have shipped England a good supply of atomic bombs, which she will hold in readiness—just in case of necessity.

Pointing to the needless loss of lives and automobiles on the highways, a citizen of Canyon believes that all Canyon people should have a lesson in driving, especially between Canyon and Amarillo. Unfortunately this new highway is not yet completed and properly marked for the aid of drivers. As a result cars are weaving all over the pavement, in spite of the fact that drivers should have sense enough to stay on their own side of the pavement, and not hog the entire highway either in driving, passing or meeting cars. We rather imagine that when this pavement is marked that a flock of highway patrolmen will be on hand to see to it that drivers use common sense on this new stretch of road. Until the markings are made, please, use year head and save lives.

The Nazi leaders who were tried throughout long, weary months wondered at the brand of justice which we handed them. They all knew what the verdict would be long before the trial ended. Most of them seemed surprised that the United Nations took so long in handing out justice. Every action was made as legal as possible under the English law, but was far from the direct method of the Nazi rule, who killed without asking questions.

This is Fire Prevention Week. It's time to check your premises and eliminate all fire hazards. If you think that a fire would not hurt you at this time, just consider placing your home under present building conditions.

CRAWFORD GARAGE

Located in Amarillo at 13th and Polk. Phone 6034.

Messrs. R. S. (Pop) and Richard L. Crawford, Father and Son, Owners. Say if they don't have the parts they will get them if they are to be had. So don't worry about the parts.

They feature a complete automobile service, making their establishment "The Repair Shop of Good Service" in this section of the state.

One of the centers of activity that is visited by motorists from this section of the country is this very popular garage, which by reason of its very accommodating policy has won wide popularity.

This garage is conveniently located and commodious enough to look after the local patrons and the traveling public in the way of service. When they started in business they determined to furnish service to every auto owner, and there is no question but that they have succeeded.

In the repair department they have in charge able and efficient workmen and are backed by vast facilities, which enable them to rebuild, replace or repair any automobile, no matter what the trouble may be, in a most satisfactory manner.

It can readily be seen that the Sixty Six Garage is important to the automobile world of this section and adds materially to the advantages of every owner of an automobile. The fact that visitors and local patrons can get real service at this up-to-date institution instills the mind of the automobilist's confidence in the fact that all his troubles can be taken care of in a "most workmanlike manner."

We know of no better concern more fully equipped or better prepared from the point of workmanship to be able to turn out work of class, for its reasonableness of charges and for getting it done when promised than the Crawford Garage. ADV.

PANHANDLE RADIO CO.

Located in Amarillo at 508 W. 16th. Phone 9333.

Sound System Sales and Rentals. Reliable Service. City Pick-up and Delivery. Messrs. L. E. Bates and M. I. Doss, Partners and Owners.

If it's a New Radio you want they have a wide variety to make your selection from.

Radio has become an indispensable service. It is one that is highly specialized. Your radio is delicate. Its mechanisms are as delicate as those of a watch. To get the utmost performance every part must be adjusted perfectly. To get the best in performance it is well to have your radio given an occasional check-up by an expert.

Panhandle Radio Co. has made it a policy to give the highest type of service to their patrons. They maintain a modern and up-to-date establishment where the best of parts for your radio may be had. Also the latest and scientific devices for testing your machine to detect any-

thing that may need replacement or adjustment. They are familiar with the construction of every type of radio, no matter what make or model it may be. Just call them and they will repair your radio and give it back to you like a new set.

Remember, Panhandle Radio Co. for all parts of repairs on your radio. Never let it be said that radios any size, make or model being serviced by Messrs. Bates and Doss are not satisfactory. You will receive years of knowledge in radio repairing.

Your radio should be checked at least once a year for worn or weak parts. People who live in rural districts are very fortunate to have knowledge of this kind brought to their doors when often times people have to cart their radios long distances and wait for weeks for the kind of service Panhandle Radio Co. has to offer.

In this review of the progress and development of our community we do not hesitate to recommend the Panhandle Radio Co. to all. ADV.

LINE AVENUE CLEANERS

Mr. L. D. Parker the Owner says Bring your Cleaning to Them if you want Good Service.

Quality dry cleaning and tailoring. They are equipped to do all classes of cleaning and give prompt service to out-of-town business. Reliability, reasonable charges and expert work have caused the patronage of this firm to steadily increase since it first started operation. The plant has been equipped with the latest machinery, so that they can handle all classes of dry cleaning in a most satisfactory manner. Every garment left with them is given their best attention and this fact has caused them to build a reputation that covers a wide territory. No work is too difficult to handle. They specialize in all classes of dry cleaning both for men and ladies and the most delicate dresses are

handled in a most careful manner. To the men of the Line Avenue Cleaners this means that your clothes are not only pressed but actually shaped the same as when new, which gives them that new appearance that is so desirable.

They extend a special invitation to our readers to visit their plant and see how hundreds of garments are handled by their expert workmen. The work is turned out in such a manner, that you will be more than pleased if you give it a trial.

The most delicate fabrics are handled as carefully as they would be in your own home as only experienced and expert help are employed in the work. Cleaning clothes is not only taking out the dirt, but also consists of turning out a clean, smooth garment which one would be proud to wear. They are prominent business people and among our most valued citizens. ADV.

We have entirely outlawed the old law of supply and demand in this nation under our fancy system of government supervision.

Governor Coke Stevenson has been urged to call a special session of the legislature to pass a redistricting bill. The Governor will call the session if there is enough sentiment for such a bill. The new House to convene in January will have 87 new members out of 150. The present legislature should do some constructive work by passing the redistricting bill.

John L. Lewis throws a fit and tells OPA that his miners will not dig coal unless given more meat. Another mine strike is threatened. Now let's see, who was it taught the people how to get what they want by the strike? John L. Lewis,

to be specific. The cattle raisers are simply following the plan set by Lewis.

The effect of the meat shortage on the voters next month will be worth observing. Washington takes it for granted that the American people are long suffering and will stand most anything. Maybe they will; and again, maybe we shall see a changed attitude by their voting.

LOVE & SON NURSERY

Located in Amarillo at 1745 E. 10. Phone 27376.

Messrs. T. L. and Ray Love, Owners say come out and get acquainted and see for yourself what an up-to-date Nursery looks like.

Under the able direction of people who made a wide study of the business and are practical growers.

Everything is guaranteed true to name and up-to-date. Many varieties of ornamental and shade trees, flowering shrubbery and evergreen Flowers grown right, dug right. These are kept in a healthy condition so that when they arrive they are in excellent condition and will grow rapidly. The nursery business requires considerable capital as well as a very wide range of experience and ability. The managers have been in the business practically all of their lives and are students of vegetable life. They are wide readers of the latest authorities such as Burbank, as well as being practical and original producers. They understand the scientific parts of trees

and plants, being thoroughly conversant with all conditions of the plant life and their industry is the cause of their large business today.

When it comes to the purchase of this class of goods these men should be considered and we desire all of our readers to consider very carefully before ordering from someone else. They are right near and their reputation as neighbors is building them all they can sell. If you order any certain kind of plant you get exactly what you order. It is one of the places where real fresh nursery stock can be purchased and you will find the managers courteous and most willing to give information that you desire.

With the dawn of the new prosperity, the era of scientific landscape gardening with the growth of wealth and luxury in the republic, also comes the desire and admiration for estates properly landscaped and gardened; and under these conditions we predict for Mr. Love & Son a future filled with real promise. The Force that
Supports the World's
Biggest Bridge...

OIL-PLATES Your Engine!

In the great San Francisco-Oakland bridge, a tremendous tug-of-war goes on continuously between gravity and molecular attraction. Because the attractive force between the molecules in the cables balances gravity's down-pull the bridge stays up.

Through continuous experiment with the mighty forces of molecular attraction, Conoco scientists are able to produce new and better oils for America's motorists. For instance, by utilizing forces of molecular attraction, a special ingredient of Conoco Nth motor oil is bonded to working surfaces of your engine, so that cylinder walls are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs...prevents it from all draining down to the crankcase, even overnight...you get these benefits:

added protection when your engine starts up
added protection from corrosive action
added protection from wear that leads to fouling sludge and carbon
added smooth, silent miles

That's why to OIL-PLATE now...at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

Wooten-Hunt Exchange Vows In Impressive Ceremony

MRS. W. J. WOOTEN, JR.

In an impressive church ceremony, Miss Joyce Hunt, daughter of Mr. and Mrs. David Hunt of Rule, became the bride of Lt. (jg) W. J. Wooten, of Canyon, on Saturday, September 28 at high noon. The First Baptist Church of Rule was the scene of the wedding and the Rev. C. A. Powell read the double ring ceremony. The ceremony was performed before an altar flanked with fern and baskets of gladiolas.

The bride, who was given in marriage by her father, chose for her wedding costume an aqua colored dress with navy blue accessories. She carried a bouquet of white orchids. Miss Dorothy Wilkerson from Stephenville attended the bride as maid of honor. She wore a beige suit with brown accessories and her corsage was of white mums.

Elmer Wooten, brother of the groom, served as best man. Traditional wedding music was played by Miss Mary Wilson, and Miss Edna Mimick of Haskell sang "I Love You Truly" accompanied by Miss Wilson. The couple left immediately after

the ceremony for a two weeks' honeymoon trip to Dallas, Houston and Galveston. They plan to make their home for the present in Kileen.

The bride was graduated from Rochester High School in 1942, attended business school in Fort Worth, after which she was employed by F. S. A. of the Department of Agriculture for three years. Since last January, she has been a student at West Texas State College.

Lt. Wooten graduated from Canyon High School and attended West Texas State College for two and a half years where he was a member of Epsilon Beta fraternity. He is a graduate of Northwestern University, and since his graduation has been serving as a dentist in the United States Navy. He is now detailed with the Dental Corps of the Fourth Army at Camp Hood, Texas.

EDGETOWN H. D. CLUB WITH MRS. MARSHALL

Mrs. Fred Marshall entertained the Edgetown Home Demonstration Club last week in her home. Mrs. Marshall, president, conducted the business meeting with Mrs. J. R. Sharp acting as club secretary for Mrs. J. C. Dowd. Plans were completed for the Food Achievement day to be held in the home of Mrs. T. M. Thurman, October 11. Printed record sheets were filled out and given to Mrs. T. M. Thurman, Food Demonstrator, from all the co-operators in the club.

Mrs. R. E. Foster had charge of the program and an interesting round table discussion was held with Mrs. Frank R. Phillips and Mrs. J. H. Wright, as leaders.

The next meeting will be in the home of Mrs. T. M. Thurman on October 11. All ladies who are interested in Home Demonstration work, are invited to attend.

Ruth Cox Bride of Ted Merchant

MRS. TED MERCHANT

An arch of silver lace flanked with floor baskets of dahlias and chrysanthemums with seven-branch candelabras holding white tapers formed the setting for the wedding of Ruth Cox, daughter of Mr. and Mrs. G. R. Cox and Ted Merchant, son of Mr. and Mrs. P. T. Merchant of Houston.

Rev. Lyle Bonner, minister of the local Church of Christ, read the double ring ceremony in the home of the bride's parents, October 5, at 8 o'clock.

Only the immediate family and a few close friends were present for the occasion.

While the guests were being seated, Jack Cox of Roswell, N. M., brother of the bride, lighted the candles and Miss Mary Jane Turentine of Lubbock played "Indian Love Call," "Til The End of Time" and "Ah, Sweet Mystery of Life." The traditional wedding march was used for the processional and "Always" formed a musical background for the exchange of vows.

Carolyn Kay Cox, little niece of the bride, carried the rings to the altar.

Miss Margaret Rich of Ft. Worth, who attended the bride as maid of honor, wore a lime green suit with black accessories and a corsage of fuchsia snap-dragons.

Bowen Cox of Amarillo served as best man.

The bride was attired in a brown gabardine suit with brown and white accessories. She carried a white Bible topped with white gladiolas and tube roses. The bride's mother wore a blue and white print silk with a corsage of white carnations.

Following the ceremony, the bride

SIDES GARAGE

Located in Amarillo at 1508 Madison, Phone 24169.

Mr. Irvin Sides, Owner says You Bring It Out and He will Fix It.

This is one of the most modern and up-to-date automobile establishments in this section and enjoys a large patronage.

In their very complete repair department they give excellent service and repairing on all makes of cars. They employ only men who are expert mechanics and have a real understanding of the engineering principles of the various makes of automobiles. In addition to their expert service you will find their prices very reasonable.

This garage is conveniently located and commodious enough to look after both the local patrons and the traveling public. It is safe from every standpoint. Mr. Hall insists that everything for the convenience of the patrons shall be taken into consideration by his genial force of helpers.

An automobile is a machine. A

machine will not run forever without attention and some repairs. So every one of you car owners must at some time or another see a reliable repairman to put your car in order.

If you drive your car into the Sides Garage it will be put in working order in the least possible time and at the least expense and you're sure of a reliable job as every bit of the work done by this firm is fully guaranteed in every way.

One of the features of their service is that for a small price they will remove that dangerous deposit of carbon from your car and return to you a clean and power-developing engine.

The Sides Garage will be pleased to give you the best of service and attention at any time. In making this review of our onward progress we wish to compliment them upon the efficiency of their service, the progressiveness of their dealings and their popularity with the people of this section of the state.

Plains Home Ec Teachers To Meet On West Texas Campus Saturday

Approximately 75 homemaking teachers of the Panhandle will be guests of the college Saturday, October 12, when they come to the campus for a program sponsored jointly by the State Vocational Board and the college home economics department.

Sessions will meet in Room 208 of the Science Hall to hear the program which will include the following members of the college faculty: Miss Katie McCluney, Miss Margaret Barrett, Dr. A. K. Knott, Miss Carolyn Newsom and Miss Gladys Armstrong, area supervisor.

Geraldine Small of Canyon High School and Marilyn Condron of West Texas High School will have parts on the program.

Among the topics to be discussed are: "Vocational Education in the Years Ahead"; "Characteristics of an Effective Homemaking Program"; and "Factors Affecting Home and Family Living."

Special Exhibits Planned for Exes

Especially for the benefit of ex-students here for the homecoming, the Panhandle - Plains Historical Museum will feature a collection of ex-student pictures, annuals and various literature during the month of October. This collection, located in the Mary E. Hudspeth room of the museum, is also intended for present students who wish to know more about their school.

There is a group of six pictures of the entire student body of various years and one picture of the faculty members several years back. Three photographs portray the dedication of the Administration Building on September 15, 1915. Various other photographs of a miscellaneous nature, including the Prairie staffs of 1925 and 1926 and the football teams of various years, are also contained in the collection.

Of particular interest is the group of large paintings and photographs of professors. This group will include Professor T. M. (Uncle Tommy) Clark, Professor F. P. Guenther, Professor B. A. Stafford, Professor R. A. Terrill, Miss Mary E. Hudspeth and Miss Jennie C. Ritchie. Dean L. G. Allen will also be represented.

Bargain Days on Newspapers May Be Brief

Bargain Days are here again for a limited time on the Amarillo News. Until further notice renewals will be received for \$10.95 per year. With the Canyon News the price of the two papers is \$12.45 per year.

The Amarillo News cannot take new subscriptions, and does not guarantee that Bargain Rates will continue for any length of time. If your subscription expires without renewal, you may not be able to renew until the news print crisis has passed.

The Canyon News will continue taking new subscriptions and renewals at \$1.50 per year in Randall county and \$2.00 per year in outside counties in spite of the greatly increased cost of production of newspapers. Most weekly newspapers have increased their rates to \$2.50 per year.

Send your check for \$12.45 at once for both papers to the Canyon News and be assured of your newspapers for the coming year. No matter when your subscriptions may expire, they will be renewed for one year.

Boone McClure, assistant director of the museum, invites all students and ex-students of West Texas College to visit the museum and the Mary E. Hudspeth room.

HEAP BIG PROPHECY

Summer campers in a secluded Canadian resort were astounded by the accuracy with which Indian Tom predicted weather changes. On a sunny day Tom would parade thru the camp announcing: "Rain, him come bimeby."

One day it was windy, damp and cold. A camper asked the Indian: "Tom, when is this going to let up?" Tom shook his head. "Dunno. Radio him broke."

GIBSON CAFE

Located in Amarillo at 1003 N. Fillmore. Phone 29061.

Mr. J. D. Gibson, Owner says Come In and Get a Good Meal and Get Acquainted.

There is something about the Gibson Cafe that sets it apart from other eating places and that makes it highly satisfactory. The extreme care and thought that go into everything; the cooking, serving and arrangement creates a dining room to be visited regularly.

You'll like the surroundings. They are attractive and comfortable and extremely quiet. The food is good, it is temptingly delicious, prepared in the most careful manner in a spotless sanitary kitchen. The cooking is done in a modern, sanitary and scientific manner which gives added flavor to the food.

You'll find here a tempting variety of fresh vegetables prepared to retain all of their natural flavor, choice meats, rolls and muffins fresh from the oven and real home-made pies. You must learn for yourself what a pleasure it is to eat here.

This popular cafe is not only popular among the people of this locality but among the motoring public as well. Many who make trips through this territory make it a point to reach the Gibson Cafe for their luncheon or dinners, as the case may be.

We are pleased to direct the special attention to our readers to this metropolitan service. ADV.

No Assemblies, Decrees Prexy

To create time for more classes—and because the possibilities for seating 1,400 students in places for 1,200 are decidedly contrary to well established laws of physics—there will be no regular assemblies this year.

President J. A. Hill has announced abolition of the Thursday morning meetings, but added that college authorities will call special sessions when need arises.

"This situation, like so many others brought about by this period of readjustment, has never existed here before," explained Dr. Hill.

So that students will not miss the announcements customarily made during assembly, The Prairie will publish each week a column of items from school offices and officials.

AUTRY STUDIO

Located in Amarillo at 118 W. 6th. Phone 21922.
—Mr. Hugh Mathis, Manager says for High Grade Photographs at Reasonable Prices come to Autry Studio.

The photographer at this up-to-date studio enjoys a large patronage from this part of the state. When in need of anything in the line of photography you will find this studio one of the very best in the community.

This is one of the most progressive establishments in this section and is equipped with the latest mechanical devices for the purpose of doing high grade work. The proprietor has especially prepared this studio to take care of those customers who desire the very best in photography.

The studio has an excellent reputation for the high class work turned out and for the prompt and courteous attention shown in each and every particular. They finish your photographs in the most up-to-date manner, insuring the best at all times. Their prices are with-

in reach of everyone. All telephone appointments will be promptly taken care of. The proprietor has established a large and substantial patronage from the people of the city and surrounding territory.

Autry Studio makes a specialty of family groups and the taking of children's pictures. Every photographer knows that it is indeed a delicate task to make an artistic family group.

Every woman loves a picture. Photographs have always been more than a mere gift sentiment. A birthday photograph, for example, always delights, because of the sweet significance of the occasion as well as the regard and the enduring quality of the gift itself.

So when you give let your gift fulfill that existing desire for something pretty.

The management has always been a booster for the community and through their efforts much out-of-town business has been attracted here. We take great pleasure in recommending Autry Studio to all our readers. ADV.

FLO'S CAFE

Located in Amarillo at 902 NE. 8th. Across the Street from The Rainbow. Phone 20194.

This is one of the leading dining places to be found and is kept thoroughly abreast of the times. They draw trade not only from Amarillo but the entire trade territory for miles around.

A popular place at all hours for people from all over this part of the state, they welcome everyone and make them feel right at home. Everything that is good to eat is to be found here, all home cooking.

In making this review the onward progress of the community due mention should not be omitted of the Flo's Cafe in the social life of the community as it is a great aid in the promotion of the best there is in the life of the period.

Equipped with the very best fixtures and everything about the

place has that air of superiority that makes it known as a concern that speaks for itself. The reason for the steady growth in the volume of business we believe, is due to the fact that only excellent service has always been featured in this concern. Any dissatisfaction that may arise with any guest is always cheerfully adjusted and in our opinion this accounts for the enviable reputation this place enjoys.

Such an institution as this adds to the reputation of the community for being alive and wide awake. It brings favorable comment not only from the local but also the traveling public and assists in making this a more progressive section of one of the greatest states in the union. More such institution as Flo's Cafe is the aim of every community which wishes to keep its place in the march of progress. ADV.

College Employs Additional Three

With a record enrollment of 1248 students crowding the campus and 200 more at Amarillo Center, President J. A. Hill has announced the addition of three new instructors; William A. Moore, Lee Gilmore and Dan Gillham.

Mr. Moore, an addition to the speech department, replaces Dr. Conrad Freed, who resigned to teach in Birmingham, Ala. Crannell Tolliver is now acting head of the speech department with the new-comer as assistant.

Mr. Moore received his B. A. at Oklahoma Baptist University and his M. A. at Colorado State College of Education at Greeley. He taught in Oklahoma for a while, but was teaching in the University of Wyoming when contracted to teach here. Mr. Moore specializes in dramatics and directing.

Lee Gilmore, former superintendent of schools in Wheeler, will take a teaching position in the mathematics department and relinquish his post as manager of the Student Union. Mrs. R. G. Oldham will take over the management of the Student Union.

President Hill also announces that at least one teacher is needed for each of the chemistry, biology, physics, business administration and English departments.

Another addition to the faculty of West Texas State is Dan Gillham, who is now a regular instructor in the music department.

Mr. Gillham returned last spring from over two years in the service and helped out as a piano instructor during the summer term. He received his Master's degree from W. T. in the spring, 1946, and received his B. A. degree here also.

Fire Kills More People Than Died During the War

Since 1920, more Americans have lost their lives by fire than in all the devastating battles of World War II, according to the Chamber of Commerce of the United States. In the last decade, 100,000 victims have been claimed by fire, and 170,000 more have been seriously burned, many of them disfigured for life.

Fire Prevention Week will shortly be observed. During that week and during every other week the American people can effectively prevent fire by following a few simple rules. Ninety per cent of all fires, big and little, are preventable. The National Fire Waste Council offers these suggestions to the homeowner and business man:

Check from cellar to attic for rubbish—and get rid of it. Check heating systems. Keep ashes in metal containers and shield fireplaces with screens. Don't smoke in bed, and keep plenty of ash trays handy. Don't clean your clothes at home with flammable agents. Never bring gasoline into the house for any purpose. Keep matches away from children. Replace frayed electric cords and defective electric appliances.

There's nothing difficult or costly about these rules. And their observance would save this country thousands of lives and hundreds of millions of dollars worth of property every year. The big job of fire prevention simply consists of all of us doing little jobs regularly and conscientiously.

Funeral services for Sam H. Whitley, prominent in Texas educational circles, were held Friday afternoon at Commerce, Texas.

Past director of both the American Association of Teachers Colleges and the Southern Association of Colleges and Secondary Schools, Dr. Whitley had been president of

East Texas State Teachers College since 1924. For five years prior to that time, he was dean of the college.

"A man of many excellent qualities, he will be greatly missed," comments President J. A. Hill, close personal friend of Dr. Whitley.

Death came suddenly to the educational and religious leader last Wednesday while he was on vacation. Dr. Whitley, who was currently president of the Crippled

DOAN'S CROSSING, (Tex.)

By FLOYD BENJAMIN STREETER
Librarian, Fort Hays Kansas State
College and author of "Prairie
Trails and Cow Towns"
and other books

This trail was broken by the herds of Longhorn cattle bound for a northern market and was the product of necessity. By 1884 the Kansas quarantine laws left only a narrow strip along the western border open to the Texas herds. In the fall of that year the cattlemen asked Congress to establish a trail from the Red River to the Canadian border and the legislatures of the states through which the trail would pass to grant the necessary consent.

Early in the following year the Kansas legislature passed a rigid quarantine against Texas cattle entering the state. In order to get their herds to market the cattle interests designated a driveway up the western boundary of Kansas which included a strip of land three miles deep on the Kansas side of the line and three miles deep on the Colorado side. Three cowmen, Driscoll, Blocker and Davis, drove the first herds which blazed the trail through the northern tier of Texas counties, across No Man's Land, and up the Kansas-Colo-rado border. Others followed and made a great avenue of traffic which became known as the National Trail.

Many of Dodge City's sporting men and dancehall girls went out to the Colorado line and laid out Trail City, intending to make it an exact replica of that cowboy capital. The new town also imitated its famous parent city in noise and wild night life. A man named Olive was the first victim of gun play. He was shot by a cowman. Back in 1872 Olive had been seriously wounded in a gun battle in Ellsworth when that town was the north end of a leading beef trail.

The National Trail failed to receive the desired legislative sanction. The cattlemen began to ship their herds by rail. The trail was gradually abandoned and Trail City was deserted.

Old Man Weather Almost Kept Birds On Ground Too

Old Man Weather succeeded in grounding nearly everything in the Panhandle last week and part of this. Most dirt fields were so soaked with rain, that flying has been at a standstill. Last Sunday, Plainview tried for the second time to have its Panhandle Flying breakfast, and for the second time, the weather interfered. It's getting that time of year when you can never depend on the weather from one day to the next, and the old timers say this is the most rain we've had for years. Nevertheless, it does put a damper on flying activities, but as long as its doing so much good elsewhere, who cares.

With the opening of school last week, a good number of students have already enrolled for the flight course being offered by the college, and more are expected. For veterans who are sophomores or up, the V. A. will include it as part of their college work. And of course non-veteran students can take advantage of the flight training at their own expense.

Arrangements for approval of the regular GI Flying School, are still being made, and it is hoped the final approval will come soon.

AVIATION CONFERENCE

For the first time in the last few years, the Southwest Aviation Conference is being reactivated. The dates for the 1946 Conference are October 18-20 in Amarillo. This year, in addition to the regular conference, there will be a program dedicating the Tradewind Airport. This is a new field for private flyers and is located just south of the Amarillo city limits. It has grass runways and should be of considerable interest to all communities faced with an airport problem. It is owned and operated by Shelby Kritzer.

The first one and one-half days program will be held in the Herring Hotel, and many interesting topics will be discussed. The last half of the program will be to dedicate the

new airport and witness an exhibit of every make of private plane and other features. The Conference will be well worth your while to attend, and a good opportunity to meet many aviation enthusiasts from all over the Southwest.

It was Herman's wedding day and everything had gone along beautifully. His childhood sweetheart and he had at long last been married. After all the celebration, Herman and his bride slipped away to their honeymoon cottage.

After a little nightcap, Mary retired. Herman just sat at the window watching the gorgeous moon and stars which seemed to have been made for the occasion. Presently Mary stammered.

"Well, Herman, aren't you going to come to bed?"

"Oh, no," replied Herman, "my father has always told me that my wedding night would be the most beautiful night of my life, and I'm not going to miss a minute of it!"

"Can I be of service to you?" inquired the polite shop-walker. "I don't know," replied the perturbed young man. "I was told to stop in here and buy either a camisole or a casseroles, and for the life of me I can't remember which."

"Well," said the shop-walker, "if you will tell me what kind of a chicken you propose to put in it, perhaps I can help you."

SCIENTIFIC DATUM

It was at Mount Wilson observatory:

A distinguished scientist was scanning the heavens through the huge telescope. Intent upon the sight, he remarked to his colleagues without turning around: "It's going to rain."

"What makes you think so?" inquired one of his fellow scientists. "Because," said the scientist, still peering at the heavens, "my corns hurt."

Martin Vanbee once said: Every organization seems to have its share of wise-crackers who are long on criticism but very short on help.

When the old man works hard to earn his money the old lady usually has to work just as hard to get it.

"WHO KILLED MANKIND?"

"Not I!" said the Wind, "Though I felt the blow That laid him low." "Not I said the Sky, "Though I can't deny Being rather pleased That he's deceased (Those rockets, my dear! My poor ionosphere!)"

"Who saw him die?" Asked Lord Sun on High.

"I saw it," said Mars. "We saw, too," wailed the Stars. "A sprinkle of sparks, Some red, wet marks Then a little green flash And a very faint crash. It was so quickly done. . . ."

"Suicide," ruled Lord Sun.

Notice of Intention to Levy Special Assessment Tax Against Abutting Property Owners for Purposes of Paving, Curb, and Gutter, and Designation of Hearing Thereon.

Notice is here and now given to all those owning or claiming property or any interest therein, which may be abutting property to those streets as specified herein, which are proposed to be improved by paving, curb and gutter; that a time and place for hearing is here and now set to afford such property owners and the public to be heard on any matter pertaining to the validity of a paving, and curb, and gutter assessment; all such owners and claimants of such abutting property shall at such time, and place herein designated be given the right:

1. To be heard on any matter as to which a hearing is a prerequisite to the validity of an assessment.
2. To contest the amounts of the proposed assessments, the lien and liability thereof, the special benefits of the abutting property and owners thereof by means of the improvements for which assessments are to be levied.
3. To contest the accuracy, sufficiency, regularity and validity of these proceedings, former proceedings, and proposed future proceedings, and contract in connection with the improvements.

The time for the hearing is 7:30 P. M. on the 25th day of October 1946, and from time to time thereafter, and day to day thereafter, as may be needed and necessary for a full and final determination by the City Commission of the City of Canyon, Texas. The place of the hearing is the City Commission Room, and being the Council Room of the City Hall of Canyon in Randall County, Texas. Heretofore, notices were duly advertised, calling for a bond election by advertisement in The Canyon News, a newspaper of general circulation, published in Canyon, Texas, by publication for three times, namely:

May 16th, 1946
May 23rd, 1946
May 30th, 1946

and said bond election was duly had and held as called for on June 1st, 1946. Pursuant thereto, the results of said election reflected that said bond issue carried, and said bonds were issued and sold as provided for in said bond election for street improvements, and the money therefor was deposited in a special account for the purposes of improving the streets of Canyon, Texas, by paving, curb and gutter. Following the sale of such bonds, the City Commission of the City of Canyon, Texas, requested Harvey W. Schmidt, a Consulting Engineer of Amarillo, Texas, to make specific the plans and specifications and types of needed street improvements to accord with the findings of the City Commission of Canyon, Texas. Reference was made to such specific findings, plans, and specifications, in that public notice published in The Canyon News on July 18th, 1946, and July 25th, 1946, calling for and advertising for bids to be submitted and opened on August 8th, 1946. Pursuant to such request and advertisement for bids for constructing and making street improvements as particularly specified, the low bidder was the partnership known as Bell & Braden of Amarillo, Texas. The contract therefor, the specifications above mentioned, and all other proceedings, are on file at the City Hall, and in the possession of the City Secretary for the inspection of all interested persons. The nature of the improvements for which special paving assessments are proposed to be levied, is for paving, curb and gutter. The

highways and portions thereof to be improved by such paving, curb and gutter, or streets and avenues within the City Limits of Canyon in Randall County, Texas, to wit:

8th Avenue from 8th Street to 23rd Street, estimated cost \$35,835.76.
6th Avenue from 23rd Street to 25th Street, estimated cost \$6,034.30.
5th Avenue from 23rd Street to 26th Street, estimated cost \$10,748.24.
2nd Avenue from 20th Street to 23rd Street, estimated cost \$6,212.79.
8th Street from 8th Avenue to 7th Avenue, and 8th Street from 5th Avenue to 3rd Avenue, estimated cost \$8,157.28.
15th Street from 8th Avenue to 7th Avenue, estimated cost \$2,189.28.
16th Street from 8th Avenue to 7th Avenue, estimated cost \$2,189.28.
16th Street from 3rd Avenue to 2nd Avenue, estimated cost \$2,064.52.
19th Street from 8th Avenue to 7th Avenue, and 19th Street from 3rd Avenue to 2nd Avenue, estimated cost \$3,757.37.
20th Street from 3rd Avenue to 2nd Avenue, estimated cost \$2,064.52.
21st Street from 3rd Avenue to 2nd Avenue, estimated cost \$1,218.81.
24th Street from 7th Avenue to 5th Avenue, estimated cost \$3,749.96.
26th Street from 5th Avenue to 4th Avenue, estimated cost \$1,874.99.
The estimated amount per front foot proposed to be assessed against the property owner and as against the property which abuts the above mentioned streets, avenues, and highways in the sum of \$3.00 per front foot, and being \$3.00 per lineal foot. This assessment proposed is for one-fourth thereof payable on completion and acceptance of such work by the Engineer and the City Commission of the City of Canyon, Texas, and the rest in three equal annual payments of principal in 1, 2, and 3 years from such date of completion and acceptance, together with interest not to exceed 8% together with provisions for foreclosure, for reasonable attorneys fees and costs. Paving certificates are proposed to be issued with coupon bonds attached thereto which are negotiable.

This assessment proposed is one as against the property owner personally and against the abutting property as well, and as a first lien against such abutting property. The estimated total cost of the street improvement for paving, curb and gutter aforementioned is the sum of \$86,097.10, of which the total estimated cost to be borne by abutting property owners is at least two-thirds of such amount, and not to exceed three-fourths of such amount, and it is the present intention to make the levy on a basis of one-third of the total cost of street improvement to abutting property owner on one side of each street or avenue and one-third of which total cost to be levied against the abutting property owner on the other side of each street and avenue, and one-third thereof to be borne by the City of Canyon, Texas.

It is specifically requested that all property owners of such abutting properties to the streets and avenues above designated, come to the City Hall of Canyon, Texas, prior to such meeting and being prior to October 25th, 1946 to sign Mechanics and Materialmen's Lien Paving Contracts. Notice of such time and place of hearing was duly called for by resolution of the City Commission at regular session on October 7th, 1946.

Buffalo Backers Will Cheer At Bonfire Rally Friday Night

Hurry! Hurry! Hurry! Calling all red-blooded, loyal enthusiastic West Texas students to be at the south entrance of the Administration Building Friday night at seven o'clock. Wear your gayest clothes, bring your loudest cheering voice, make yourself a torch, and don't dare be absent.

Arrangements have been made to have the band out and after a few cheers on the south steps, the band will lead the students in a snake dance to the business section of

town where the main rally will be held.

After the rally everyone is invited to a Tri-Tau-sponsored Columbus Day Dance at Cousins Hall. Admission to this dance has been set at thirty-five cents; sport clothes will be the main dressing apparel.

"This should be a preview of the spirit we will have after the Buffs beat the Colorado College Tigers at Buffalo Field Saturday night," say the Buff-backers who planned the rally.

MINNIE'S BEAUTY SHOP

Located in Amarillo at 321 W. 6th. Phone 25060.

Mrs. Minnie Brady, Owner. Specializing in hair dressing and featuring all other lines of beauty culture.

The profession of the cosmetician is one of the most important and we cannot fail in this comprehensive review of our community's progress to devote space to a well-merited tribute to the excellent work performed at Minnie's Beauty Shop.

The management and all assistants have made a wide study of beauty culture and this has been supplemented with much actual experience which makes their service both tried and modern. Beauty culture has advanced very rapidly in the past few years and this shop has kept right abreast of the times.

The success of this shop has been marked and as a result, the reputation for good work is spreading far and wide over this section of the community. The operators have been chosen because they are excellent judges of the types of women and can tell you how your hair should be dressed to make you most attractive and what beauty aids you need for your particular complexion.

In this line of hair work the service is most complete, including shampoos, scalp treatments, marcel waving and permanent waving.

In making this review of the social and business life of Amarillo we are glad to compliment this particular concern upon their modern methods and reasonable prices. We refer their beauty service to our readers when in need of scientific and modern hair dressing. ADV.

V. L. TAYLOR & COMPANY

Located in Amarillo at 512 W. 6th. Phone 21956.

They carry a Complete Line of Electrical Appliances, Air Conditioning, Refrigeration, All Types of Cooling and Heating Systems, Large and Small Electric Motors, Complete Service and Repairs on Radios. We Service anything We Sell.

The local representative for this modern home convenience is one of the leading establishments of the kind in this section of the country. It has been a dominating element in the progress of this community and was the first to realize the importance of Electrical service. In fact it is a greater convenience to the isolated residents and those living in the smaller communities. By its perfection the country home is given the same satisfactory convenience as the city dweller and at a much less cost. The Electrical Service is the result of years of study and scientific research and its

high state of perfection stands among the world's greatest mechanical achievements. It provides for a steady and dependable source of power for the various home or farm requirements.

They maintain a modern and up-to-date establishment where the best of parts for your radio may be had. Also the latest and scientific devices for testing your machine to detect anything that may need replacement or adjustment. They are familiar with the construction of every type of radio no matter what make or model it may be. Just take your radio to them and they will repair it like a new set.

We desire in this business review of our progress to compliment the V. L. Taylor & Company upon the prominent part they take in the rapid advancement of the rural districts in this part of the state. Their future success is assured. ADV.

CLARK SIGN AND BODY SHOP

Located in Amarillo at 804 N. Garfield. Phone 20248.

Bud is Equipped to Handle Anything From a Sho-Card to a Neon Sign. He will make them to order and Ship them Anywhere, anytime. Featuring if not the Best, Just as Good a Paint Job in Town.

They offer you a complete service on fender, body, frame, top repairing, curtains and upholstery, for any car or truck.

Not only in the city, but in all the surrounding territory this well known firm is famous for the expert work they execute in rebuilding wrecked cars and repairing damaged cars.

In many cases they have completely restored wrecked cars which owners thought were beyond the aid of expert service. A small scratch on your car they will take care of in a jiffy and a bent fender or crushed body they can fix in very short order. In these days of

congested traffic it is not necessary for you to wait weeks for such work as this. Here is a firm which specializes in this service and they can turn it out for you right away. Bent fenders they can make look like new, and all other features are efficiently handled.

No matter what trouble you may be having you cannot do better than take it to them. Better call and see them the next time you are in town and have a talk with them.

Associated with them you will find only the competent, for it is the policy of this establishment not only that each member of the management be an expert but each employee as well.

We are glad to compliment this firm upon the position they occupy in the business world and call the attention of the public to the excellent service as well as reasonable prices. For a first class paint job see Clark Sign and Body Shop. ADV.

Buffaloes Will Fight For First Win of Season Here Saturday Nite

WHAT: Intersectional football game.
WHO: Colorado College Tigers vs. West Texas State Buffaloes.
WHEN: Saturday night, October 12 at 8 o'clock.
WHERE: Buffalo Stadium, Canyon, Texas.
WHY: Team prestige, sectional prestige and revenge.
COACHES: Harold A. (Hal) White of Colorado College and Windy W. Nicklaus of West Texas State.

Revenge and a determination to gain their initial victory of the season will be in the hearts of the West Texas State Buffaloes when they take the field this coming Saturday night against the Colorado College Tigers from Colorado Springs.

Last year the local eleven trekked to the Colorado city only to lose a breath-taking 19-20 decision to the Tigers, and this year's tussle points to be just as exciting.

Coach Harold A. White, who is enjoying his fifth year at the helm of the Tigers, will bring a very strong squad to Buffalo Field. Experts rate the Scenic State eleven as the team to beat in the Rocky Mountain loop this season. Early season games indicate that the experts knew what they were talking about because the Tigers overwhelmed the Peru Teachers 40-7 in their grid opener and followed up a week later with a 15-0 whitewash of a strong Fort Hays team. Up to press time there was no report on their Saturday afternoon game with Montana State. If they won the Tigers will field an unbeaten aggregation here against the Buffaloes.

Buff's Need Win

The Buffaloes are smarting under three straight defeats and will probably be a very determined eleven for the Colorado College team to deal with. Each of the three West Texas State defeats have been by strong opponents and the touchdowns scored against them have been almost entirely set up by Buff fumbles and pass interceptions. No team has strictly overpowered the Buffaloes this season.

Coach Nicklaus hopes to be able to field Pat Garrett, stellar West Texas State center who has been on the injured list and Burl Pruitt who saw little action at Albuquerque because of a recurring ailment.

Tigers Have Injuries

The White-coated Tigers are also suffering from loss of players due to injuries. It is doubtful if half-back George Kinnick, brother of Iowa's famed Nile Kinnick who was killed in the war, will be able to play because of a side injury. Jack Whetstone, who played two years with the University of Kentucky, also may not see action because of a leg injury.

All is not gloomy for the Tigers who will be featuring the formidable T-formation, though. Johnny Ziegler, flashback of three years football experience, returned to the campus two weeks ago from the service and is shaping into a triple-threat back. He has been regularly kicking 55 and 60 yard punts in practice this week. Joltin' John Steele, big 200 pound lad from Nampa, Idaho, will probably fill the fullback slot for the Buffalo encounter.

THE BILLS . . . OR POE 1946

Comes the first and come the bills. Stacks of bills, And what a wealth of spending plans! Their prompt appearance will! Crisp and clean and all correct, No upheaval can deflect Their unerring monthly journey to my door.

For groceries and phone And that ancient college loan, For gas and lights and fuel oil: They deplore

That I make them no remittance "In three months not a pittance." And they're every right and reason to be sore.

Thus they haggle and they scold And they threaten and cajole Till my mind with worry fills And my heart is full of chills; And I'm sagging from the nagging of the bills; Till I'm greying from the paying of the bills, bills, bills, bills, bills.

Exception may be taken only on physical grounds when the State Department says oil continues to cause friction between nations.

After pricing a few building lots, the homeless veteran was baffled. Wondered where anyone got the idea that dirt was cheap.

NMU Outlasts Fighting Buffs

Fourth Period Touchdown Gives Lobos Conference Victory At Albuquerque

A fighting band of West Texas State Buffaloes, completely dominating play in the first quarter, finally bowed to the University of New Mexico Lobos in the season's second Border Conference football game for the maroon and white, played at Albuquerque last Friday night.

A crowd of 7,000 fans were held almost spellbound for three quarters as first one team and then the other made bids for scores only to fail.

Early in the first quarter the Buffs led by quarterback LeRoy Reeves of Childress, made a drive for the Lobo goal line and a pass incomplete from Reeves intended for halfback Boy Williams ended this threat. The Buffs rallied time and again for scoring bids but fate seemed to be against them as they played the brand of ball that victors need to win but somehow they never scored.

New Mexico Scores

The only scoring play of the game came after four minutes of the fourth quarter had elapsed. Brock, brilliant New Mexico quarterback, sparked the attack that led to the score and fell across the stripe for the touchdown on an off-tackle slant good for four yards and six points.

Brock had passed to end Boteler for a 17-yard gain and picked up 5 more to take the ball to the Buff 8-yard stripe. Cullen, husky Lobo fullback, picked up 3 to the eight, making it third down and 2. Cullen then picked up a yard and a half, making it fourth down and a yard to go for a first down on the West Texas four and a half yard line. Brock took over at this point and scored.

Kick Blocked

The try for extra point was blocked by Bob Terry, Buff tackle. The entire West Texas team played a scrappy, determined battle

all the way and if they had won they couldn't have looked better.

AMERICAN DRIVE-IN

Located in Amarillo at 2220 Fillmore. Phone 29047.

Serving Most of the Popular Brands of Beer and Cold Drinks.

Mr. D. L. Knight, Owner.

A good place to eat and a place where both local and traveling people can well satisfy their demands in the matter of obtaining good foods. The menu consists of not only the prime necessities of life, but many inviting and tempting delicacies of chicken and steak dinners are offered to satisfy the tastes of the most fastidious.

In traveling over the country you will find nothing in greater profusion than poor eating places. This is why it is indeed refreshing to find such an up-to-date establishment as this. It is unsurpassed by anything at any place in surroundings

or accommodations of service. When Mr. Knight went into business it was with the idea that a modern inn would be appreciated by the local and traveling public. That this principle was well accepted is proved by the success they have attained.

Here you will find home cooked food, wholesome and deliciously appetizing. The service is equally satisfactory whether your order is large or small and you will be made to feel that your trade is desired and appreciated by the management.

We are pleased in this review to compliment the American Drive-In on the high character of the establishment, which is rendering a much needed and highly appreciated service to the public. We recommend this place to all our readers. ADV.

COLLEGE BEAUTY SHOPPE

Located in Amarillo at 2119 Washington. Phone 4962.

Mrs. Luva Prock, Owner Invites all the College Students to come for their Beauty Work.

Every phase of modern beauty work is featured at this popular shop. Here only skilled operators are employed and after a visit to the College Beauty Shoppe you can be sure that you will be well-groomed for the occasion. The next time you have a permanent or any beauty work done make an appointment at this leading shop. Phone them.

All that is needed is a trial to convince the most exacting. They maintain a modern and up-to-date establishment. This is the business which we wish to call to the attention of our women readers for it is conducted solely for their benefit. This is a day and age when women, both old and young, are paying more attention to the little things which keep them from having a look beyond their years.

For many years women have been having their faces massaged and their hair taken care of by women who make it their business to know what is the best and what should be done to preserve the hair and remedy face troubles.

It is only in the last decade that the women have realized that it was necessary to have this work done for they thought that if their hair was clean that was all that was necessary. In this modern shop it is possible to have the face treated in such a way that the little wrinkles and skin troubles vanish with the years.

In this line of hair work their service is very complete as it not only includes the hair, but all other phases of beauty work, all being accomplished according to the most approved and scientific methods. In making this review of the social and business life of this part of the country, we are glad to compliment the College Beauty Shoppe as a first class establishment. ADV.

Some men smile in the evening, some men smile at dawn; but the man worth while is the man who can smile, when all his front teeth are gone.

Cage Prospects Start Practice

Basketballs have begun to fly at West Texas State as players vie for a starting position on what appears to be another famous West Texas State Quintet.

Fifteen lettermen will be on hand at the start of practice and there is a chance that more players will resume their studies before the hoop-and-net season is over. Any coach finding himself with the task of picking five players to start games out of the present West Texas State material would probably just go ahead and commit suicide.

Of the 15 lettermen returning, only thirteen tower above six feet. The two LITTLE boys just happen to be speed demons, dead-eyes, and tricky individuals. One of them is an All-American guard and still has two years to play.

Yes, sir, the outlook on the hardwood court at this school is mighty gloomy. Even the Freshmen basketballers present a problem. Six or seven green lads are expected to report very soon and only two of them were All-State basketball players.

NOTICE TO BIDDERS

Sealed proposals addressed to W. A. Warren, Mayor of Canyon, Texas, will be received at the office of the City Secretary, City Hall, until 8:00 o'clock P. M. October 25, 1946, for furnishing all necessary materials, machinery, equipment, superintendence, and labor for constructing certain Improvements, extensions and additions to the Water Distribution System for City of Canyon, Owner, in Randall County, Texas.

Bidders must submit Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Bidder's Bond from a reliable Surety Company, payable without recourse to the order of W. A. Warren, Mayor for the City of Canyon in an amount not less than five (5%) percent of the largest possible bid submitted as a guaranty that Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without required check or Proposal Bond will not be considered.

The Successful Bidder must furnish performance bond on the attached form in the amount of 100 percent of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the OWNER.

All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "Unbalanced") unit prices will authorize the OWNER to reject any bid.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions.

Attention is called to the fact that there must be paid on this project

not less than the general prevailing rates of wages which have been established by the OWNER and included as a special provision to the specifications.

Instructions to bidders, proposal forms, specifications, and plans are on file at the office of Harvey W. Schmidt, Consulting Engineer, 221 Paramount Bldg., Amarillo, Texas.

Copies may be secured from Harvey W. Schmidt upon deposit of \$10.00 which deposit will be returned to the CONTRACTOR on submission of a bona fide bid on the work, with such Plans and Specifications; or upon returning the Plans and Specifications immediately after examination of same, and advising the ENGINEER that bid will not be submitted; otherwise, the deposit shall be forfeited.

The business here is conducted under the personal direction of Mr. Wilson. That the Automotive Machine Shop is very important and adds greatly to the advantages of every automobile. The fact that visitors and local patrons can get real service at this up-to-date institution instills the mind of the automobilist's confidence in the fact that all his troubles can be taken care of in a "Most Workmanlike Manner."

We know of no concern more fully equipped or better prepared from the point of workmanship to be able to turn out work of class, for its reasonableness of charges and for getting it done when promised than the Automotive Machine Shop. ADV.

WTSC Homecoming Sets Time for Band Contest

Asked to participate in the band contest at the homecoming celebration of West Texas State College on October 26, Saturday, is the Drum Corps of Canyon High School. Entering with them will be other high school bands throughout the Panhandle.

In addition to the contest, West Texas State has invited all visiting bandsmen to be the guests at a John Snider barbecue and at the homecoming football game with the New Mexico Aggies.

Each band must be inspected before entering the field. The best available judges will be there and trophies will be awarded if they can be obtained. Last year the Corps place in the A section of winning bands.

Under the direction of Max Bellah, members are: Ema Gene Zachry, Frances Gooch, Verna Dayenport, Jenny Irvine, Mary Ann Sloan, Mary Mae Peppard, Anita Ruthart, Lorayne Carter, and Janey Forester, snare drummers; Gracie Boyd, bass drummer; Juanita Avent, June Jennings and Wanda Jean Edwards, flag bearers. Sue Ann Colwell is drum major with Sue Dickerson and Fay Dickerson, majorettes.

Rainfall Prevents Buses Schedule

Due to the muddy roads resulting from a five-inch rain only seven of the twelve Canyon School buses were able to make the regular runs Monday morning.

There was no school in some of the counties since buses could not run, and at the time for Canyon buses to leave, rain was still falling heavily. Most drivers were too cautious to attempt to negotiate the muddy roads; however, they ran as far as possible on paving.

Many unpaved roads to homes of bus students were under water and new ones had to be tested out. Such a condition prevented Mrs. Wilma Hornstra from meeting her regular classes. One hundred twenty-seven, about one-third of the normal high school attendance, were absent. Students living near town were brought in during the morning by parents.

The buses which ran were: Lakeside, Ralph, Palo Duro, Zita and Trigg.

MIND ABOVE MATTER

Maybe you don't have the build to be a football hero or have the aptitude for memorizing a page in an hour, well, so what?

There is one outstanding characteristic of most great men that anyone can acquire if he has the will to do it. It is something one can work on in any class and the teacher won't mind. It starts paying off now and will be used all through life.

Material for this ability may be obtained during church, in most books, and by conversing with others. This asset is obtaining a large vocabulary.

What do you think? Huh, Bunch?

English Class Uses Chaucerian Theme

By Guy Brant

Chaucer's England is the subject of reports which were given in the second period English IV class yesterday. Students listed several events which occurred during the life of Chaucer, portraying the history of the time. They also discussed his works, the most important writings preceding him, the plan of "The Canterbury Tales," and several other sources of information.

PTA Announces First Meeting

Mrs. J. D. Barker Heads List of New Officers

For the first time this current school term, the members of the P. T. A. will meet October 17, 3:30, in the grade school library.

The new officers which were elected in the April meeting and installed during the May meeting will be in charge.

They are as follows: Mrs. J. D. Barker, president; Mrs. Dan F. Sanders, vice-president; Mrs. Cecil Simms, secretary; Mrs. Gene Root, treasurer; Mrs. James Jennings, historian; Mrs. Mitchell Jones, parliamentarian; Mrs. E. J. Cundiff, membership chairman; Mrs. Ed Harrell, finance and budget chairman; Mrs. W. W. Nicklaus, room-mother chairman; Mrs. A. H. Prichard, publicity chairman; Mrs. Kermit Pond, publications chairman; Mrs. Bill Crow, hospitality chairman and committee; Mrs. Ed Monney, Mrs. Clay Cooper, Mrs. H. R. Cocanagher, and Mrs. Robert Jones, study course chairman.

The executive members have had two previous meetings. Year books are now in the office of the Warwick Printing Company.

"We are all looking forward to an interesting year of work," states Mrs. Cecil Simms.

Pupils Complete Junior Red Cross Christmas Boxes

In cooperation with W. T. grade school, the fourth, fifth, and sixth grades of Canyon Public Schools accepted as their quota ten Christmas boxes to be sent to foreign children.

These students donated the money and selected a committee to purchase the items to be packed in the boxes. All boxes contain: one tube of toothpaste, a toothbrush, a bar of toilet soap, three pencils, three notebooks and a rubber ball. Other items which were included in the girls' boxes are garrettes, hair bows, combs, socks, wash cloths, buttons, and crayons. In addition to the minimum requirements the boys' boxes will have: yoyos, erasers, socks, combs, wash cloths, and handkerchiefs.

This project is being done in connection with the Randall County Junior Red Cross of which the grade school students are members. Boxes will be sent to Red Cross Headquarters where they will then be sent overseas.

Life, and works, Bill Davis; the historical background, Guy Brant; Chaucer's style, Louise Blewett; Life and death of Thomas A. Becket, Orville Turner; and the plan of the Canterbury Tales, James Rigby.

Pauline Seales, Joan Morton, Muriel Faye Cope and Billie Bonds described the social classes of the time and gave a description of each of the pilgrims, some of which were illustrated by drawings colored to fit Chaucer's description.

Other students telling stories from "Canterbury Tales" were: Mary Browning, "Knights Tale"; Jennie Irvine, "Wife of Bath's Tale"; Thelma Bonds, "The Prioress' Tale"; Lavern Henders, "The Pardoner's Tale"; and Ridings Sloan, "The Priest's Tale."

Benefits Obtained

Summing up the activity Mrs. Cecil Simms says, "We all know that English literature is the parent of American literature and that any literature is simply the sum total of the best writings in that language. Chaucer, with his fresh descriptive power, his keen sense of human, and his tolerant viewpoint along with his skill as a story teller is a large addend in England's sum. High school students must become familiar with the great literary figures of English literature if they really want to build a foundation for cultural living."

Eagles Slap Bobcats 12-7

Well, I tell ya, now I jest like to not made the rounds this week 'cause o' this old cold I got at the football game the other night. Had a bad spell of rheumatism, too.

I managed to go to the weiner roast though and while I was settin' thar by the fire Martha Jean Avent and Austell Burrus passed by lookin' fer something to roast their weines on. Trailin' not fer behind were Juanita Avent and James Inman.

Dwight Moore and Katie Furlow seemed to be having a good time also.

Oh, how that Ava Dooley does get around! She can't seem to make up her mind about Donnell Ruthart.

While I was spyin' around at the WT ball game I saw these couples: Frances Standley and Marvin Fite, Sue Ann Colwell and Bill Davis, and WT's Nila Davis and "Rusty" Davis, Sr.

I got a big surprise the other day when I saw a small picture of Frank Sinatra clipped to Mrs. Gilmore's grade book. When I inquired about it she told me that she just had to have his picture in front of her when she was teaching. (Don't tell me teachers are swooning over him too!)

Yesterday I passed by a group of boys and they were already talking about their dates for the "Howlen" Carnival. It couldn't have been Norris Root and Joe Abbott could it?

Well, well, Chloe Ann Black is really getting around these days. I saw her with Gerald McDuff Friday night.

Max Bellah sure works fast doesn't he? He was with three different girls in one week. (We're not sayin' who but their initials were M. W., S. D., and S. J.)

Now here is the biggest news of all. Hubert Drake has at last found a girl friend. Unfortunately no one can find out who it was that he was with Saturday night.

Wonder if Austell Burrus and Bette Brown, from WT, had a good time Saturday night.

What's the matter girls? Where's all that charm? Three handsome men (?) were seen Saturday night without dates. They were Clifford Burtz, Marvin Fite, and Billy Clevinger.

What's all the eighth grade boys so happy about? Could it be that Barbara McDougal is back in school?

Orville Turner how do you expect to go steady with two girls, namely Louise Prichard and Zonelle Gregg.

Don Hickman and Betty Miller, of the eighth grade, have really been seeing a lot of each other this week.

Senior Personality

Gracie Boyd, senior class president, is senior personality of the week. Vivacity and versatility describe this blond, blue eyed, senior, who is five feet three and one-half inches tall and weighs 106 pounds. Her ambition is to be an optometrist and her ideal is "Dr. Hugh Sticksel." Studying psychiatry and playing the piano are her hobbies. As favorites she lists: drink coffee; nourishment, beef steak and French fried potatoes; actress, Greer Garson; actor, Vincent Price; song, "Indian Love Call."

Faculty Compiles Rules to Follow

At a faculty meeting of high school teachers last Wednesday the following rules were formulated and will be observed according to information from Superintendent Wooten.

The rules are as follows: traffic in the halls and on stairways will be routed to the right; the traditional emptying of the auditorium: seniors first, juniors second, sophomores third, and freshman last, will continue; pupils will use the 8:30 to 9:00 period for study and will not loiter or be noisy or run about the building; library periods are scheduled for all students wishing to do reference work; visual education will be emphasized; and a general raising of the standard of school work is to be encouraged.

CHS Editors . . .

Frances Gooch, left, editor of the Eagle's Tale and Geraldine Small, right, editor of the yearbook, "Soaring Wings," will pilot the school publications this semester.

Orchids to . . .

Mr. Ross Craig for the fine supper he gave to the football boys at Bob's Coffee Shop after they had won the Spearman game.

Also, to Superintendent Wooten, says the faculty, for the complimentary tickets to the show, "Anna and The King of Siam."

Members Initiate Lower Classmen

"Heck 'n high water" was what the freshman pledges to the FHA Club went through last Thursday night at their initiation.

After a short business meeting in the Home Ec. Department, a formal initiation was held. The pledges lit their candles from those of the officers, and Miss Davies, sponsor, explained the meaning and objectives of the Future Homemakers of America. The officers then pinned a pledge ribbon on each girl. Then the old members began the "other" initiation.

Starting in the gymnasium, the pledges had a clothes relay race. After it, they were taken through a series of durability tests, including: an airplane ride, sitting on a block of ice, eating worms, a manicure, and others too horrible to mention. They were served refreshments of vaseline on crackers.

The big sisters of the club decided to fine the freshman girls one cent for every word they spoke aloud outside of classwork at school the next day.

Twenty-eight upperclassmen initiated these girls: Donna Erwin, Mary Elizabeth Jennings, Joanna Haines, Mary Ruth Hill, Faye Kinney, Sue Jennings, June Long, Jo Ponders, Marian McReynolds, Bobby Ford, Claudine Beavers, Peggy Jean Moore, Jerry Ann Foster, Marcelle Wilson, and Ava Dooley.

Grade Notes

New officers in the 6-D class are: Buddy Bill Bennett, president; John Miller, vice-president; Frances McCoy, secretary; and Doyle Bourn, fire captain.

Dorothy Neblett is in Neblett Hospital recovering from pneumonia.

Mrs. Brasher's fourth grade is having a study unit on corn.

For language class members of Mrs. Goodman's class in the third grade have been telling of their trips made during the summer. Diane Prichard visited New York City; Gwendolyn Carter and Jerome Edward told of going to Carlsbad, and Billy Harrison went to Royal Gorge in Colorado.

Ella Fay Anderson withdrew from Mrs. Roscoe Davis' second grade and moved to Oregon.

Dee Zane Pond underwent an appendectomy at Neblett Hospital last week.

Ramon Dee DeLano entered Mrs. Black's first grade from St. Mary's Academy in Amarillo.

Mrs. Dean Nicholas is the new office aide in Mr. Wooten's office. She attended Stephenville High School in Fort Worth and is a sister-in-law to Mr. T. L. Devin, Agriculture teacher.

Earl Gene Peppard, graduate of Canyon High School, of '45, is home on leave. He is en route from Denver, Colorado, to Enid, Oklahoma, where he will be stationed for the present.

Slippery Cat Needs Slick Chick Name

"What's in a name?" Plenty! Two football tickets if the one you suggest is used.

Little old Allis Chalmers, our new school tractor, is just hankering for a name.

This critter, donated from the Army war surplus material, will be used in various ways on the school ground such as: leveling the football field, landscaping, and moving heavy objects. Also as soon as a terracer can be obtained, it will be used for terracing.

She's just as graceful as a two-ton caterpillar crawler with a hydraulic, bulldozer shove can be.

Now, do your bit, students, please think up a name, write it on a slip of paper and drop it in the box in the hall.

Suggestions: "Alley - Catty," "Clankin' Clara," etc. Come on, send us a sizzling one!

TCTA Organizes Plans for Year

Classroom Teachers Organization met Tuesday 7:30 p. m. for the first time this season in the home of Mrs. R. B. Davis, with Mrs. Tom Brasher, Mrs. Andy Walsh, and Mrs. Joe Black co-hostesses.

Two added features to the program were the displaying of large dahlias, grown by Mr. Davis, used for decorations, and several piano selections rendered by Miss Anita Davis.

The members perfected plans for future programs for affiliating with state and federal organizations and for securing 100% membership.

Nineteen faculty members were present, including: Mrs. Mary Weeks, Mr. T. L. Devin, Mr. M. D. Shepherd, Miss Kathryn Davies, Mrs. Tom Brasher, Mrs. A. L. Walsh, Mrs. A. K. Goodman, Mrs. Mitchell Jones, Mrs. Stella Murrell, Mrs. T. W. Collins, Mrs. L. M. Cousins, Mrs. Dan K. Usery, Mrs. R. E. Ball, Mrs. K. L. Kirkland, Miss Lurline Bowman, Mrs. Nora Gilmore, Mrs. John Davis, Mrs. Joe Black, Mrs. B. K. Bartlett, and Miss Grace Aaron.

The next regular meeting will be in the home of Mrs. L. M. Cousins the first Tuesday in November.

Students Attend Football Movie

Port Arthur romped over Highland Park for a 27-7 victory to win the state championship football game of 1944. Students of Canyon High viewed a reproduction of this game in assembly Friday. Mr. M. D. Shepherd was in charge of the movie which was about thirty minutes long.

Freshmen through seniors saw the picture first and later the seventh and eighth grades. Prior to the picture, Supt. Wooten made several announcements, the main one being about the lunch room tickets. Each class was also given its specific seating position in the auditorium.

Jim Knott headed a group of students including Joan Byars, Bette Brown, Nila Davis, Tommy Hunter, C. W. James and Tommy Airhart from West Texas High who sold tickets to the game between W. T. and Canadian Friday night at Buffalo Stadium.

Cape Disappointment, in Washington, received its name as a reminder of the failure of the English and Spanish navigators to discover the mouth of the Columbia River.

Fronabarger Has Safety Training

As is the custom, beginning students are drilled every year to observe safety rules when crossing the street in front of the school buildings under the direction of Miss Elva Fronabarger, grade school principal. The intersection is possibly one of the busiest corners in town. It must accommodate over 700 pedestrians, twenty-five parked automobiles, numerous bicycles, and motorcycles, as well as the 12 school buses which park, back out, and drive away twice daily.

Many residents living on the west side of town drive through the street on their way to and from shopping.

No serious accident has occurred at this corner for five years and school administrators are eager to maintain this record.

"We have had many near-accidents," states Miss Fronabarger, "but due to the careful driving of the motorists who visit us no child has been critically injured within the five year period. I greatly appreciate this thoughtfulness on the part of every one."

Stickers Furnish Fund for Books

Proceeds from the sale of stickers by the Spanish classes will be used to purchase new text books for the course.

Seven stickers, in school colors, purple and white, are printed on one sheet and cost twenty-five cents. They contain pictures of the building, the high school pennant, and the school seal.

They may be used on cars and notebooks as a boost to the moral of the entire student body.

"I feel that the books which we shall purchase," says Mrs. Knott, "will facilitate the learning of Spanish and add to the students appreciation of the subject."

Two new ditto machines, replacing the old worn-out mimeograph, have been purchased for the office and will be used by the faculty and student body for regular mimeograph work.

Last Monday, Superintendent Wooten gave the faculty complimentary tickets to the show, "Ann and The King of Siam."

Wright Gallops 60 Yards For Winning Touchdown

Beating a hard-fighting Dimmitt eleven 12-7 Saturday afternoon, the Canyon Eagles played and won their first conference game of the season.

After the opening kickoff by Billy Abbott, Dimmitt drove to the Canyon 15 yard line where Canyon held on downs. On the Eagles' first play Abbott fumbled and the alert Bobcats recovered. The Canyon eleven couldn't hold the Bobcats as they drove into the end zone for their first score. The extra point attempt was good and the score stood 7-0.

Wright Scores Tally

Canyon took the kickoff and Charles Wright plunged for a first down. After a second first down by Wright, he ran about 10 yards for Canyon's first tally. The extra point attempt was not good making the score 7-6.

Dimmitt returned the placement to the 30 yard line and was again held on downs by our impenetrable line. Abbott threw a 30 yard pass to James Guthrie but as the Eagles were again threatening to score the half ended.

Bobcats Pass

Canyon received the kickoff after the half and was held almost dead still for four downs. The Bobcats took to the air completing two passes and also receiving a penalty of 15 yards for clipping. On the next play Dimmitt fumbled and the whole Canyon team outrushed the Bobcats and recovered the leather. With Wright and Abbott carrying the pigskin, the Eagles peeled off two first downs.

Wright then took the ball on Dimmitt's 40 yard line with three minutes to go and ran down the sideline 60 yards to score Canyon's winning touchdown. Dimmitt foiled the extra point attempt. When the final whistle sounded the score stood at 12-7.

J. D. Hollabaugh, son of Mr. I. H. Hollabaugh, custodian of Canyon High School went to the separation center at San Antonio, to receive his discharge. He was met by his brother, Frank Hollabaugh and they returned Sunday night.

ROYAL BEAUTY SHOP

Located in Amarillo at 418 W. 3rd. Phone 20349.

This Colored Beauty Shop with Mrs. M. L. Burnett, Owner says if we please you tell others if we don't. Please tell us.

This Beauty Salon is done in nice soft colors with just a pleasant odor of creams, fine soaps and cleanliness. The low voices of competent operators who know how to do their work and who turn you out looking lovely are most soothing and refreshing. They are altogether conversant with hair and its way. They have a fund of information and knowledge as to what should be done with hair and what may reasonably be expected of it.

If you have any difficulty dressing your hair, feel that it is not all it should be, or if you just want to know it will be taken care of properly. Finger waving is done at the hands of an artist. Their waves confer a gracious distinction to natural or permanently waved hair. You will feel and look like a new person after one of their remarkable facials. There is nothing that makes one take a new lease on life as does a properly done facial. Try one and you will be convinced. These beauty parlors have met with universal success since their opening.

Their excellent and satisfactory service has built for them a very large and growing clientele. They are kept busy practically all the time and it is a good plan to make an appointment for the work you wish or you may be disappointed at the last minute. We wish to commend these popular beauty shops upon the remarkable high standing they have in this community. ADV.

T-BONE GRILL

Located in Amarillo at 405 E. 10th. Phone 20366.

Mr. and Mrs. Robert F. Helms, Owners. This is a nice place to take the whole family for Good Food and Good Service.

One of the finest and most popular places at which to dine in Amarillo is the T-Bone Grill.

The service is unexcelled and the prices are consistently reasonable. This cafe is recognized throughout the state as a meeting place for hosts of out-of-town visitors and as headquarters for good things to eat. Mr. and Mrs. Helms will not buy or accept anything inferior in the line of food stuffs. This coupled with the fact that they employ chefs of more than ordinary ability insures the choicest of food cooked just the way like them. The most modern equipment and utensils have been provided and everything is kept scrupulously clean.

From this extensive display of foods one may indulge in his or her favorite delicacy or dish, getting as

large or as small a portion as desired. The spacious quarters are charmingly appointed, comfortable and convenient. With business acumen and foresight, Mr. and Mrs. Helms have studied the needs and demands of people of this section and have struck the popular chord of public approval.

In this entire section there is no other establishment that surpasses this well known eating place for satisfaction and service. We are pleased to give the T-Bone Grill commendation for the high character of their service and the leading position they occupy.

The management will be found to be courteous and accommodating at all times. They are veterans in the business and cordially invite everyone to come in and get acquainted and enjoy a delicious home-cooked meal. The managers are fair and square in his business dealings, therefore it is not strange that customers of the T-Bone Grill seldom think of going elsewhere. ADV.

CORBIN CLEANING & PRESSING

Mr. W. D. Lawler, New Owner, says He needs the work you need the Work Done. So bring it On Out.

If you don't happen to be going to town, just send in your work by parcel post and it will be given the best of attention and returned promptly. Under direction of an authority on dry cleaning.

The fact that they are able to take clothing that fades or needs cleaning and turn them out to look like new, has saved many a high priced purchase and helped to lower the cost of living.

Every day brings more work from patrons who have been saved the purchase of new garments through the excellent work that this firm does in cleaning and pressing and alterations of both new and old clothes. Both men and women have found that the most delicate fabrics are carefully and efficiently handled here and returned to them cleaned

and pressed in a most satisfactory manner.

Cleaning clothes is not only taking out the dirt, but also consists of turning out a clean, smooth garment which one would be proud to wear. They also clean draperies, curtains, blankets, etc. They have special processes for each article.

At the Corbin Cleaning & Pressing the latest process is used and as a consequence when garments are returned to you they look smooth, are odorless and in press according to the styles of the day. They specialize in all classes of cleaning and tailoring for both men and ladies and the most careful and efficient manner.

The management is among the leading business men of the community, who has always taken an active interest in the community's onward progress, and is among the valued residents whom we wish to compliment upon the modern place and the admirable policy followed in its direction. ADV.

KGNC Will Broadcast Homecoming Events

If, because of some major catastrophe, a few of WT's ex-students are unable to return to the campus Saturday, October 26, for a full day of homecoming celebration, they may still share some of the fun through special broadcasts to be aired by Station KGNC, Amarillo.

In addition to a play-by-play account of the gridiron tangle between the Buffaloes and the Aggies of New Mexico A & M, a fifteen minute program from the West Texas homecoming will immediately follow the 10:15 round-up of world

news, writes station manager Bob Watson.

Bands To March

Possibly, a portion of the band marching competition to precede the kick-off at 2:30 will be reported by radio. Student musicians representing nearly 20 Panhandle communities will be here to contest for top honors in three divisions: high school, junior high and grade school.

"The best available judges will be secured, and trophies will be awarded if they can be obtained," says M. H. Newman, director of the meet.

With slightly over two weeks remaining before the homecoming event, the more courageous souls among WT's masculine population have already begun a growth of beard to accent the old-time western theme that will dominate the occasion.

Indeed, some of the boys who claim as headquarters the various temporary encampments lacking facilities for convenient shaving think the "de-won't-touch-a-razor" movement an excellent one. "Gives us a good excuse," they explain.

Just to get into the spirit of the thing, students will begin wearing western paraphernalia Monday, October 21, a week in advance of homecoming.

Dance Until Midnight

A bonfire pep-rally and dance to last until midnight will start opening celebration Friday night. Then, registration of returning exes will begin at nine o'clock the next morning.

Noon-time barbecue, (free for ex-students and visiting bandsters), crowning of the football queen, class and club reunions, teas and three simultaneous dances will round out Saturday's activities.

Lockhart To Instruct Business Administration

Connally Lockhart has been retained by the college in the Business Administration Department in the capacity of graduate assistant, it was announced Saturday by Dr. Lee Johnson, head of that department.

Mr. Lockhart is from Big Spring, but he is no stranger to W. T., for he received his degree in business administration here in 1943. After his graduation he taught mathematics in the Navy. Mr. Lockhart, who will teach law and bookkeeping to freshmen, hopes to take his M. B. A. at the end of this semester.
